## Figurative 1

In this stylish composition a delicate blouse sways in space, caught on an eternal breeze. The shirt form is indelibly felted onto a backdrop of wool and cotton by an industrial felting press. Figurative 1 can be hung as is, framed, or blocked on canvas or wood.

### ABOUT WALLWORKS

Wallworks, in their most essential guise, are large-scale, one-of-a-kind wall hangings felted from reclaimed EILEEN FISHER clothing. The variety of materials, colors, and hand-arranged compositions renders each piece wholly unique. The size and textural quality of Wallworks make for a stunning addition to private and public spaces alike, providing visual impact and a modicum of acoustic dampening. Wallworks were first displayed in the Waste No More exhibit at Salone Internazionale del Mobile di Milano, the prestigious furniture and design trade fair.
