## Matrix 2

The depth and dimension of Matrix 2's haphazard grid take it beyond a simple wall hanging. Instead, the piece — composed of reclaimed EILEEN FISHER wools and linens — becomes a realm of possibility befitting the analog and virtual worlds equally — a framework for wonder, for imagination, and for perpetual discovery.

### DETAILS

Matrix 2  
Wool, linen, cotton  
114 x 68 inches  
Ashley Edwards  
2019  
\$8,000

### SUSTAINABILITY

Made from:  
40 linen pants  
8 cotton pants  
14 wool sweaters

### ABOUT WALLWORKS

Wallworks, in their most essential guise, are large-scale, one-of-a-kind wall hangings felted from reclaimed EILEEN FISHER clothing. The variety of materials, colors, and hand-arranged compositions renders each piece wholly unique. The size and textural quality of Wallworks make for a stunning addition to private and public spaces alike, providing visual impact and a modicum of acoustic dampening. Wallworks were first displayed in the Waste No More exhibit at Salone Internazionale del Mobile di Milano, the prestigious furniture and design trade fair.
